#### MEMORANDUM

TO : All office employees  
 FROM : Rath Crawford  
 RE : New Phone System  
 DATE : May 22

As you know, we badly need to modernize our communications system. I have enclosed with this memo some descriptions of phone systems sent by sales representatives. Please read the materials carefully and send your recommendations to me.

The system should be able to handle at least one hold line and eight extensions lines. My opinion is that a built-in answering machine is necessary. Conference calls and speed-dialing features are now standard in many systems and could prove useful.

At the present time our office uses twelve phones, and although we do not have a fixed limit for the unit price, it should be mid-range. Recommendations should be in my office by the end of the week so an order can be placed through Supplies and Equipment by the first of the month.

Enclosures
